BOOK SYNOPSIS

Deepens and refreshes our view of early Christianity while casting a disturbing light on the evolution of the attitudes passed down to us. How did the early Christians come to believe that sex was inherently sinful? When did the Fall of Adam become synonymous with the fall of humanity? What turned Christianity from a dissident sect that championed the integrity of the individual and the idea of free will into the bulwark of a new imperial order—with the central belief that human beings cannot choose to sin? In this provocative masterpiece of historical scholarship Elaine Pagels re-creates the controversies that racked the early church as it confronted the riddles of sexuality, freedom, and sin as embodied in the story of Genesis. And she shows how what was once heresy came to shape our own attitudes toward the body and the soul.

ADAM AND EVE REVISITED A FREE WILL STORY FREE WILL STORIES

BOOK 1 - Are you looking for Ebook Adam And Eve Revisited A Free Will Story Free Will Stories Book 1 ?
