BOOK SYNOPSIS

In Nostalgic Delights, award-winning chocolatier William Curley aims to recreate childhood memories and times gone, taking classic recipes and modernising them with his own, unique creations. Creating top-quality confectionery, cakes and patisserie is often seen as something only a trained professional can do. However, with patisserie equipment now easily accessible to all, William hopes to produce a book where the reader can create classics at home and evoke their own nostalgic memories. William's ethos centres around using the best ingredients and techniques available, while making his recipes accessible to the home cook. Some recipes are simple to make with minimal ingredients, such as the Hazelnut Rocher and Bakewell tarts. During the 70s and 80s, the convenience food market boomed, and changed the image of many iconic dishes. William recreates this decadence once again in many of these recipes, such as a Black Forest Gateau or Blackcurrant Cheesecake. The book also touches on the comfort food that most of us grew up with, whether it be a Jammy Dodger, an Arctic Roll, or a Banana Split - William takes these to a whole other level!

NOSTALGIC DELIGHTS CLASSIC CONFECTIONS & TIMELESS TREATS - Are you looking for Ebook Nostalgic Delights Classic Confections & Timeless Treats? You will be glad to know that right now Nostalgic Delights Classic Confections & Timeless Treats is available on our online library. With our online resources, you can find Applied Numerical Methods With Matlab Solution Manual 3rd Edition or just about any type of ebooks, for any type of product.

Best of all, they are entirely free to find, use and download, so there is no cost or stress at all. Nostalgic Delights Classic Confections & Timeless Treats may not make exciting reading, but Applied Numerical Methods With Matlab Solution Manual 3rd Edition is packed with valuable instructions, information and warnings.
